## Overview

Brett is admitted as an attorney in New York, U.S.A., and as a solicitor in New South Wales, Australia.

He has extensive experience providing top-level global and domestic legal services to emerging growth and mid-stage companies as well as to larger, publicly held multinational corporations.

Brett has successfully structured and negotiated various forms of preferred equity financing as well as secured and unsecured debt facilities, completed M&A transactions and advised on domestic and global corporate structures for clients in the U.S.A., Hong Kong and China, the U.K., Cayman Islands, British Virgin Islands, Australia, Germany, Switzerland, France and other countries around the world.

Brett is committed to providing value to his clients based upon the following principles:

- Building commercial and governance structures to maximise value, one transaction at a time;
- Navigating the challenges of global expansion;
- Finding smart, elegant solutions to complex international transactions;
- Bringing entrepreneurial spirit to augment the clients own in-house team.

## Expertise

Brett specialises in complex, multi-jurisdictional transactions in the areas of public and private corporate finance, mergers & acquisitions, investment funds formation as well as structuring and global reorganisations.

## Career Highlights

- Completing a Masters of Law degree at Humboldt University, while working for Coudert Schürmann Rechtsanwälte, a Berlin-based corporate law firm where he prepared contracts and legal memoranda in German and English in areas of German and European intellectual property, M&A, cross-border litigation, European law and European/German antitrust law.
- Completing public debt and equity offerings worth hundreds of millions of dollars, working closely with investment banks such as Goldman Sachs, Merrill Lynch and J.P. Morgan.
- Structuring and negotiating complex global investment funds with hundreds of millions of dollars invested by university and medical endowment funds, insurance companies, CalPERS and other government pension funds, and advising on U.S. and global securities compliance matters.
- Working in Silicon Valley and San Francisco under secondment to the internal legal team at Sun Microsystems, Inc where he drafted and negotiated technology sales, licensing, development and services agreements for the sales and regional management staff and participated in planning meetings with the heads of legal for each global region.
